*pending vacancies at your desired start timing

Brand Management / Marketing (BRM00001015)

Use your leadership to create and grow brands: Identify marketing tactics, build on consumer, shopper, and customer insights, and develop your marketing plan as part of one of our multifunctional teams.

Sales / Customer Business Development (SLS00002859)

Assume the responsibility for a category in DACH (Germany, Austria, Switzerland) with one of our trading partners: Work closely with our marketing teams, learn even more about strategic selling solutions, and deliver results through superior planning, communication, and influence.

Finance & Accounting (FIN00004200)

Experience the key role Finance & Accounting plays in the strategic development of business at P&G. Your field of activity may include maximizing long-term profit, cash flow and shareholder value. Due to different projects at various levels, you continually grow expertise and have the opportunity for additional responsibility.
